6/18 MATTERS ARISING

Minute Number 164/17 - Silent Soldier– There had not been any progress with the purchase of the Silent Soldier and it was still unclear if the project was going ahead. It was suggested that if a Silent Soldier was purchased, then it could be located by the War Memorial, possibly on the gravel foot path leading to Old Bridge Road as it would be prominent place in the village. However some concerns were raised about whether it might get vandalised in that location. It was also suggested that it could be located at the Ex-Serviceman's Hall, possibly above the doorway. The RBL to be contacted for an update. **Action TG**

BLOXHAM PARISH COUNCIL

Minute Number 165/17 – Replacement Seat for Courtington Lane – The replacement seat had been delivered and engraved and it was now ready to be installed. The Clerk was asked to send a letter of thanks to David Gibbard for all his assistance with this matter and for engraving the new bench. **Action TG**

Minute Number 172/17 - Annual Parish Meeting – The Chairman suggested that a review of the Annual Parish Meeting should be included on the Parish Council agenda for the June or July meeting. **Action TG**

7/18 CHAIRMAN'S ANNOUNCEMENTS – The Chairman reported on the following:

- It was agreed that a vote of thanks would be sent to Melanie Rayner for her work on the Bloxham village column in the Banbury Guardian. **Action TG**
- David Godfrey, former Clerk to the Parish Council had sadly passed away. The Chairman had sent a card to his family on behalf of the Parish Council.
- There was a National Association of Local Councils Survey for Councillors to complete and details were in the April edition of the OALC newsletter. The Clerk would forward the newsletter to Councillors again. **Action TG**
- Cherwell District Council's Parish Liaison Meeting was being held on 20 June 2018. It was suggested that items should include planning enforcement and notification of applications submitted to Cherwell District Council, under the Licensing Act. **Action TG**
- A meeting with PC Paul Smith from Thames Valley Police had been held on 14 May 2018 with regard to parking patrols and the list of problems areas would be forward to him. **Action TG**
- A meeting with Cherwell District Council was being held on 21 May 2018 with regard to air pollution.

8/18 RESIDENTS' ISSUES – A resident addressed the Parish Council with regard to public health protection. The resident gave background information on the subject and the potential impact on peoples' health and he had previously provided some information to the Parish Council. He referred to statements by MP's as well as national policy and MP's had summarised the issue as follows, 'air quality was a national health emergency'

The resident asked for information about where air quality was being monitored in the village and what data had been collected already. He was particularly concerned about the congestion around the High Street because cars were constantly slowing and accelerating when the concentration of pedestrians in this area was at its highest. It was at these peaks when peoples' health was affected the most, especially because the area around the shops also trapped fumes. The Chairman asked the resident to send to the Clerk, all of the information which he had gathered.

The resident highlighted that air pollution from vehicles affected peoples' health, caused early death, asthma and lung problems and the fumes were especially bad for young children. He felt that problems of traffic volume and congestion were separate issues and at the current time, his concern were around public health issues.

The Chairman reminded the Parish Council that a meeting was scheduled with Trevor Dixon at Cherwell District Council on Monday 21 May 2018 where she hoped that a number of these questions would be answered.

The resident then went on to raise the issue of the potholes in the village and that his wife's car had been damaged by a pothole. He had submitted a claim to the County Council, supported by Councillor Kieron Mallon but officers had refused to compensate her and pay the bill of £585 because they did not feel that the Council was liable, even though the pothole had been reported on Fix My Street a number of times.

BLOXHAM PARISH COUNCIL

There was a discussion with Councillor Mallon about the potholes repairs and also the highway issues which had been raised with County Officers during a meeting with the Parish Council in April 2017, which had included reference to the A361. The Clerk confirmed that Councillor Mallon had been invited to that meeting.

The Chairman thanked the resident for addressing the Parish Council.

9/18 REPORTS FROM COUNTY AND DISTRICT COUNCILLORS – Prior to the meeting, County Councillor Kieron Mallon had circulated his report to the Parish Council.

Councillor Andrew McHugh reported that most of the issues which had been brought to his attention related to the Esso Garage and Councillor Christine Heath would be taking the matter forward. The issue of potholes had also been raised with him.

Resolved that the report be noted.

10/18 PLANNING

- i) Planning Items (not covered within the minutes of the Planning & Strategy Committee meeting held on 23 April 2018) – The Chairman of the Committee, Sue Slater, gave a brief report on the planning applications which had been submitted to Cherwell District Council by Mr John Wyatt. Mr Wyatt was present at the meeting.

Councillor Slater reported that the stables had been erected in 2001. In 2014, the Parish Council had not objected to the application for the conversion of the stables nor to the application for the erection of the polytunnels. These had been approved by CDC with conditions relating to landscaping and retail sales. During 2014, some conditions had been discharged, however this had been a split decision at CDC's Planning Committee.

In 2015, the Parish Council did not object to an application for another polytunnel. However the application was withdrawn as CDC planning officers raised concerns about the siting of the tunnel and its impact on the rural nature of the site. In addition, the development was outside of the built limits of the village and Mr Wyatt's agent withdrew the application.

In 2016, an application for a polytunnel was resubmitted and the Parish Council did not object and the application was approved by CDC. Also in 2016, the Parish Council did not object to the removal of a condition relating to retail sales.

In 2017, the Parish Council objected to the application for the conversion of the stables into a dwelling as it was outside the built limits of the village and contrary to the Bloxham Neighbourhood Development Plan and CDC's Local Plan policies. A query was raised about the need for a worker because not enough evidence had been provided. CDC planning officers advised Mr Wyatt to withdraw the application because they would refuse permission for these reasons and others. An email to this effect from the case officer, was available on CDC's Planning Portal.

Between 2014 and 2018, Mr Wyatt had attended meetings of the Parish Council's Planning & Strategy Committee and of the full Parish Council to talk about his applications. After the last withdrawal, the Chairman and Vice-Chairman of the Parish Council met with Mr Wyatt, they advised him to contact CDC for some professional pre-application advice. The advice, that he received from CDC, which he shared with the Parish Council, was that an application would be refused for all the reasons previously stated, however it was suggested that if he wanted to reapply, then he should include robust evidence to demonstrate why a worker was needed on site and that all other avenues had been explored.

BLOXHAM PARISH COUNCIL

In 2018 a new application with supporting evidence had been submitted and this application would be discussed at the Parish Council's Planning & Strategy Committee on 24 May 2018. Therefore, it would not be procedurally correct to have any discussion about the application until that meeting as it could appear that the application had been predetermined by Councillors. It was also highlighted that this application did not include a tearoom.

When the application was considered by the Planning & Strategy Committee, comments submitted to CDC would be made based on planning policy, not on the personal feelings or opinions the Councillors had about the applicant or the application.

The Councillors discussed whether the opinions of the public would be considered during the process. The Chairman advised that the village had made their opinions clear when they voted in favour of the Bloxham Neighbourhood Plan which included reference to developments outside the built limits of the village. Therefore, the Parish Council may submit comments based on that policy, as well as national policy and the Local Plan.

Residents comments would be considered and referenced in the Parish Council response to the application. If residents wished to support the application, their comments should be submitted to CDC and would be taken into consideration when CDC's Planning Committee considered the application.

Resolved that the report be noted.

21/18 CHAIRMAN'S ANNOUNCEMENTS

BLOXHAM PARISH COUNCIL

- Meeting with Bloxham School held on 31 May 2018 – The Chairman reported the following had been discussed at the meeting:
 - Bloxham School would probably be submitting an application for floodlights for their all-weather hockey pitches in late July/August 2018;
 - Pre-App advice had been received from Cherwell District Council;
 - The School had reflected on comments made during the consultation process and amended plans in response to comments made;
 - 60 staff lived in the village/131 pupils resided in Cherwell;
 - The proposal now was:
 - 12.5m height floodlights
 - lower lux levels to a level that was fit for purpose for school and club hockey
 - minimise noise from backboards
 - higher fencing along The Ridgeway
 - Cut off at 9pm
 - Extend car park to take cars off the surrounding roads rather than to accommodate any expected increase in traffic
 - More landscaping around car park
 - A minimum of 20 hours community use of school facilities; and
 - Users of Dewey Centre would be reminded to keep the doors closed to minimise noise.
- OCC and CDC Joint Working – Due to the financial difficulties which Northamptonshire County Council was having, there was a risk that this burden could be passed down to the District Councils. Therefore, Cherwell District Council was severing its joint working arrangements with South Northants Council. Therefore, CDC was now investigating the possibility of joint working with Oxfordshire County Council (OCC).

22/18 OPEN FORUM – A resident addressed the Parish Council with regard to the proposal for flood lights on the hockey pitches at Bloxham School. He reported that an Enforcement Health Officer from Cherwell District Council had visited the School and he had advised that retrospective planning permission for the current flood lights in car park and squash courts was required. The School had also been asked to turn off the light at night, but it was alleged that this had not happened. It was also noted that the new lighting columns would now be shorter than originally proposed, but this could have implications with regard to light spill.

Councillor Amanda Baxter briefly brought up the issues at the Esso Garage on the A361 but this would be discussed in more detail later in the meeting. However, she highlighted that CDC wouldn't investigate a statutory nuisance, such as lighting pollution if a planning application had been, or was soon to be, submitted to CDC. The application at the Esso Garage would be considered at the meeting of CDC's Planning Committee on 21 June 2018.

A resident asked about the markers for the bridleway on Water Lane and Beth Rutterford, Footpaths Officer at Oxfordshire County Council had advised that she had put discs at one end, but at the end near to the School there was nowhere to put it. The Clerk would contact Ms Rutterford about this matter again. **Action TG**

The Parish Council also thanked the resident for completing the engraving on the new bench on Courtington Lane and everyone commented how nice it looked. A letter of appreciation be sent to Bloxham School for installing the bench. **Action TG**

23/18 REPORTS FROM COUNTY AND DISTRICT COUNCILLORS – District Councillor Christine Heath reported that there had been some discussion with regard to the piece of land in front of the Esso Garage on the A361. It was currently unclear who owned the land and it had still not yet been clarified. Councillor Heath would be contacting County Councillor Kieron Mallon for further assistance on this, as well as the County Council's highways officers who would be making comments on the retrospective planning application.

There was no report from County Councillor Kieron Mallon.

BLOXHAM PARISH COUNCIL

Resolved that the report be noted.

24/18 PLANNING

- ii) Planning Items (not covered within the minutes of the Planning & Strategy Committee meeting held on 24 May 2018) – Councillor Sue Slater, Chairman of the Committee, highlighted that there was a letter on CDC's Planning Portal and it claimed that at the Planning & Strategy Committee on 24 May 2018, members of the public were not given the opportunity to speak.

Councillor Slater explained that everyone in attendance was given the opportunity to make their points to the Committee, then the Committee discussed the application before agreeing the comments which would be submitted to CDC.

It appeared from the correspondence that the member of the public did not understand that it was a Parish Council Planning & Strategy Committee meeting and not a public meeting and Standing Orders did not allow for a debate between the Parish Council and the members of the public.

Resolved that the report be noted.

- vii) Garage on A361 in Bloxham – Councillor Amanda Baxter gave an update on the issues at the garage and reported that the consultation period for the retrospective planning application, ended on 11 June 2018. The application would be considered by Cherwell District Council's Planning Committee on 21 June 2018.

Councillor Baxter had been advised that the submission of the planning application for the lighting at the site was imminent, however she had been given this information four weeks ago and whilst the application was 'imminent', CDC's Enforcement Officers would not take action with regard to the light pollution on the site.

Resolved that the report be noted.

- viii) Defibrillator for the Village – Councillor David Bunn presented a proposal for additional defibrillators for the village. It was reported that there were two defibrillators publicly available at Bloxham School, plus there were two Community First Responders in Bloxham who also had defibrillators.

Therefore it was suggested that there should be signage located in all of the Halls in the village, advising on the appropriate action to be taken and where users could locate the nearest defibrillator.

BLOXHAM PARISH COUNCIL

Resolved that the report be noted and signage relating to the defibrillators be investigated. **Action TG**

35/18 REPORTS FROM COUNTY AND DISTRICT COUNCILLORS – Prior to the meeting, County Councillor Kieron Mallon had circulated his report to the Parish Council.

District Councillor Christine Heath updated the Parish Council on the planning application for the Esso garage on the A361. There were currently two applications which were being considered, one was for the totem and the other for the lighting.

Planning officers were currently negotiating with the applicants with regard to the totem and Councillor Heath had already called-in this application to ensure that it was considered by CDC's Planning Committee. This would possibly be discussed at the July meeting of the Committee.

Councillor Heath highlighted issues with the lighting application because the demonstrations did not show any light spill, which was not realistic of the effects of the lighting. She felt that a full lighting survey was required by an independent expert and it should be assessed by Environmental Health officers too. This application would possibly be discussed at the August meeting of the Committee.

It was also discussed and agreed that an email should be sent to Cherwell District Council's Chief Executive, the Leader of the Council Barry Wood and Adrian Colwell outlining the impact of the 24 hour licence and the planning applications at the Esso garage because there was no communication between the Licensing and Planning departments at Cherwell District Council. **Action JY/TG**

- xi) Annual Parish Meeting 2018 – The Chairman highlighted all of the time and effort which had gone into the presentation for the meeting this year, however the projector at the Warriner School had failed and the information wasn't then referred to during the meeting.

The Chairman suggested that rather than having a presentation, a speaker be invited to talk about issues which affected the village and the Chairman could then give a verbal report on the work of the Parish Council, for the previous 12 months.

It was also felt that Jubilee Hall was a far more suitable venue for the meeting, than the lecture theatre at Warriner School.

It was suggested that the Environment Committee could work with Marie Jones to produce an information booklet about how to use the countryside safely. It was also suggested that a leaflet could be produced, providing information on all of the public rights of way and Bridle Ways in the village. These two issues would be discussed at the next meeting of the Committee on 24 September 2018. **Action TG**

The Meadow Cut Day had also gone very well, and scythe training was required for some of the volunteers at The Slade. **Action TG**

48/18 OPEN FORUM – A resident addressed the Parish Council with regard to finger posts and signage on the Water Lane Bridleway. - i) Planning Applications - Councillor Sue Slater, Chairman of the Committee asked the Councillors to comment on three planning applications.

BLOXHAM PARISH COUNCIL

Resolved that the following comments be forwarded to Cherwell District Council:

18/01099/F, Building 85 RAF Barford St John Bloxham Road Milton, Removal of 2no. existing antenna and installation of 2no. new antenna – No comments

18/01144/Q56, Barn At Wooden Hill Farm Barford Road Bloxham, change of use to convert existing agricultural building into two dwelling-houses – The Parish Council commented that:

Subject to determination of prior approval, it is noted that this is contaminated land and therefore there are concerns about development on this land. There are also concerns about any increase in traffic on Barford Road.

The proposed conversion is not in keeping with its rural location and it is difficult to see that a sympathetic conversion of the existing barns could be achieved.

Warriner School, Traffic Management Plan – The Parish Council has no further comments and is pleased to see the amendments to original scheme. However, the PC would like to reiterate that parking on roads around the school, in particular Chipperfield Park Road, must be monitored to ensure that this development does not exacerbate existing parking issues which continue to cause difficulties for local residents.

- ii) Land in Queen Street, Bloxham – Councillor Sue Slater reminded the Parish Council that the Land Registry had refused to allow the Parish Council to claim adverse possession of the land in Queen Street. However, the Planning Committee felt that despite this, it could not leave the land in the state that it was and therefore the Clerk had been asked to obtain quotes to tidy up the land and volunteers would be asked to repair the fence. The Clerk had also been asked to obtain quotes to cut back the overgrowing footpath over the bigger piece of land, which lead into Greenhills Park.

Resolved that:

- 1) the report be noted;
 - 2) two quotes be obtained for clearing the small area of land, in liaison with the Chairman and Vice-Chairman of the Parish Council; **Action TG**
 - 3) Nigel Prickett be asked to trim the footpath on the bigger area of land in Queens Street, which leads into Greenhills Park; and **Action TG**
 - 4) volunteers at The Slade to be approached for help with repairing the fence. **Action JY**
- iii) Street Lighting on Barford Road – Councillor Sue Slater reported that once the Barford Road footpath had been completed, there was approximately £35,000 still available in Section 106 funds which was specifically designated to Barford Road. It had been brought to the attention of the Parish Council that some residents on Barford Road had requested additional street lighting.

Therefore, Councillors Mary Groves, Stephen Phipps and Nick Rayner were requested to speak to Barford Road residents and ask if they wanted additional lighting. If a positive response was received from residents, then a meeting would be arranged with County Councillor Kieron Mallon. This would probably be part of a wider meeting about highway matters in Bloxham, including Councillor Mallon's request for a Puffin Crossing on the A361. There would also be a request for a new bench on Barford Road.

Resolved that the report be noted.

Chairman – 3 September 2018

BLOXHAM PARISH COUNCIL
MINUTES OF THE PARISH COUNCIL MEETING HELD AT
ST MARY'S PARISH ROOMS, BLOXHAM ON MONDAY 3 SEPTEMBER 2018 AT
7.00PM

PRESENT: Chairman, Councillor Jenny Yates; Councillors Joanna Barton, Amanda Baxter, David Bunn, Steve Craggs Mary Groves, Gloria Lester-Stevens, Leonard Leigh, Stephen Phipps and Sue Slater.

ALSO IN ATTENDANCE: Theresa Goss (Clerk & Responsible Financial Officer), Carol MacKay, Emergency Planning Officer at Oxfordshire County Council and District Councillor Andrew McHugh.

APOLOGIES: Parish Councillor Nick Rayner submitted his apologies because he was on holiday, the apology was accepted and the absence authorised.

Apologies were also received from County Councillor Kieron Mallon and District Councillors Mike Bishop and Christine Heath.

Parish Councillor Mike Hawtin was not present.

The Chairman welcomed everyone to the meeting and also reminded the Councillors and the public that recording of the meeting was permitted. However, she asked that should anyone wish to record the proceedings, could they please advise the Parish Council so that this could be facilitated.

58/18 DECLARATIONS OF INTEREST – There were no declarations of interest.

59/18 EMERGENCY PLANNING – The Chairman welcomed Carol MacKay, Emergency Planning Officer at Oxfordshire County Council.

Carol reported that she was Manager of the County's Emergency Planning Unit which was part of the County Council's Fire and Rescue Service. Her Unit was on call 24 hours a day, ready to respond to any emergency across the County.

Part of her role was to help villages become more resilient and one suggestion to assist in an emergency, was for everyone to have a 'message in a bottle' which was a plastic container stored in the fridge which gave medical information to the emergency services about the occupants of the house, if it was required.

Carol also had leaflets about what to do in an emergency, such as snow and flooding and these should be made available for everyone in the community.

There was also a leaflet about the Oxfordshire Flood Toolkit which provided information regarding flooding and how to prepare for it. Carol also highlighted that funding was available from the SSE Community Fund and applications could be submitted for up to £20,000 per year to make villages more resilient.

There were 'Oxfordshire Be Ready' leaflets which gave information about what to do if the gas, electricity and water supply was cut off. Those who had a child under 5, were aged over 65 years or had a medical disability could be on the priority register. There was no cost to registering with the utilities companies. Items such as generators and bottled water could then be provided to those people in this type of emergency.

There was also an information and alerts leaflet which provided emergency information about how to sign up for alerts.

There was also information about Business Continuity Planning which would be useful to small businesses or those who worked at home about how to prepare for an emergency.

BLOXHAM PARISH COUNCIL

Carol emphasised the importance of Community Emergency Plans and encouraged all villages to develop them. These Plans could feed into the 'Be Ready' leaflet and if there was an emergency in the village, residents could then make contact and check on vulnerable residents if there was snow, for example. If there was a county wide emergency, there were not enough Emergency Planning Officers to cover the whole county, so villages needed to plan and make their parish resilient.

Carol was thanked for attending the meeting and left at this point.

Resolved that:

- 1) the report be noted;
- 2) a supply of emergency planning leaflets be sent to the Clerk for distribution at the Drop-In and Chat sessions; **Action TG**
- 3) the emergency planning leaflets also be sent to the Clerk electronically so they can be loaded onto the Parish Council web site; **Action TG**

Resolved that the minutes of the meeting held on 6 August 2018 be approved and signed by the Chairman.

61/18 MATTERS ARISING – There was a discussion about a possible Actions List and although the Chairman highlighted this had been used previously, but the decision had been taken to cease using it as it duplicated work and information already reported in the minutes. In view of the concern raised it would be more appropriately discussed further at the Strategic Plan meeting on 13 September 2018.

The Chairman asked whether the Barford Road Councillors had contacted their neighbours with regard to the proposal for possible additional street lighting on Barford Road. The Parish Council was advised that some neighbours had been contacted but this consultation would be continued when Councillor Nick Rayner had returned from holiday.

There had also been some positive feedback with regard to the new footpath on Barford Road.

Resolved that the reports be noted.

62/18 CHAIRMAN'S ANNOUNCEMENTS

It appeared from the meeting that there had not been a coordinated approach between the planning and licensing departments at Cherwell District Council (CDC), however Richard Webb had now taken responsibility for the matter. Mr Webb would be seeking to devise an efficient logging system to capture all data reported to CDC by residents and it was hoped that all relevant departments would now work together.

A resident thanked the Chairman for attending CDC's Planning Committee even though the application had been recommended for deferral, due to the poor quality of the Planning officers report. They also asked for clarification on the procedure for agreeing the proposed conditions.

The Chairman advised that following CDC's Planning Committee, Planning officers should now be getting in touch with the Parish Council and Bloxham School to discuss the conditions requested by the Parish Council, however this had not yet happened. Also, clarified that the School had not requested an extension to the time allowed for the application to be considered, the extension had been due to the quality of the CDC Report as reported by CDC.

The Chairman reported that she had attended CDC's Planning Committee to ensure that if the Committee did consider the application, then the Parish Council was not mis-represented. District Councillors Christine Heath and Colin Clarke had been very supportive and had also felt that the Planning Officer's report should not be considered by CDC's Planning Committee due to the many inaccuracies.

Andrew McHugh offered his support with this matter together with District Councillors Chris Heath and Colin Clarke.

Councillor Stephen Phipps reported his concerns on the Parish Council's submission on Bloxham School's application for floodlights at the Dewey Centre and it was agreed to discuss this at a future meeting of the Parish Council's Planning & Strategy Committee.

Councillor Baxter had a number of photographs of the issues which had arisen at the Service Station and she would forward these to Councillor McHugh.

143/18 MATTERS ARISING

Minute Number 130/18, Matters Arising – Councillor Stephen Phipps highlighted his concern that the kerb on the new footpath opposite the Primary School on Tadmerton Road was still protruding into the highway and was highly likely that it would be hit by a vehicle or a cyclist. Councillors asked the Clerk to contact the County Council to advise that this was a matter of urgency and for County Councillor Kieron Mallon to be copied into the email.

Action TG

Minute Number 135/18 (iv), Environment/Village Matters – Councillor Steve Craggs advised that the tree work in the village had been completed and an update report would be submitted to the next meeting of the Parish Council.

Action NR/SC

144/18 CHAIRMAN'S ANNOUNCEMENTS

- Community Resilience Meeting – The Chairman reported that information from this meeting would be fed into the Emergency Planning Working Group. However, it had been informative meeting and it was also confirmed that as SSE did not supply power to Bloxham, no funding would be available for the defibrillator. The Clerk advised that Councillor David Bunn was aware of this and would be contacting Western Power to establish whether they provided funding for defibrillators. **Action DB**

BLOXHAM PARISH COUNCIL

- Gritting of Footpaths – Councillor Steve Craggs reported that Councillor Nick Rayner would be setting up a Whatsapp Group for the Winter Volunteers, so that they could be contacted quickly if the footpaths needed to be gritted.

145/18 OPEN FORUM – A resident addressed the Parish Council with regard to a proposal for a new car park on Ells Lane, which would be available for use by parents/carers/students attending Warriner School.

A resident addressed the Parish Council with regard to issues relating to the Circular Walk, including dogs being let off leads, the removal of the kissing gates and additional signage.

The Chairman thanked both of the residents for addressing the meeting.

(For information, following guidance from the National Association of Local Councils, the Parish Council did not specifically name individual residents within its minutes)

146/18 REPORTS FROM COUNTY AND DISTRICT COUNCILLORS – There was no report from County Councillor Kieron Mallon.

District Councillor Christine Heath reported that the application by MFL Ltd at Bloxham Service Station was being considered by the District Council's Planning Committee on 14 February 2019.

The Clerk was asked to contact County Councillor Kieron Mallon for an update on the highway issues in Queen Street and the proposed SEN School in Bloxham Grove Road. **Action TG**

147/18 PLANNING

xiii) Planning Applications

- 19/00060/F, 95 Courtington Lane Bloxham – The Parish Council considered an application for a single storey rear extension and garage conversion, new windows and timber cladding and a new front canopy and roof over garage.

Resolved that the Parish Council has no objections to application 19/00060/F. **Action TG**

- 18/01113/F, Motor Fuel Ltd, Bloxham Service Station, South Newington Road, Bloxham – The Parish Council considered a retrospective application for a new recessed forecourt canopy lights.

Resolved that the Parish Council still strongly objects to 18/01113/F and makes the following additional comments:

The lighting plan provided following recent communication between the applicant and CDC is derisive and shows a complete lack of sincerity for the application process.

The independent Lighting Report by Designs for Lighting Ltd, commissioned by Cherwell District Council highlighted the following: -

6.3.1 There are a number of luminaires installed on the application site that are not included in the application. These are as follows:

- Decorative branded signage suspended from the canopy between fuel pumps (Synergy signage);
- Retail unit signage lighting (wall mounted above Londis signs); and

BLOXHAM PARISH COUNCIL

- Kiosk and rear storage area flood luminaires (wall mounted).

6.3.7 The kiosk and rear storage area both have a single LED flood light mounted to the façade with a high angle of tilt. The luminaires are facing residential receptors and give rise to light spill on the windows of one of the adjacent properties. Whilst these luminaires are purposeful, they should be re-oriented so that their angle of tilt is reduced to ensure they are facing down towards the horizontal plane, rather than outwards.

This report also made the following recommendations: -

7.2 Recommendations

7.2.1 It is recommended that the light levels on the forecourt are reduced to an average of 150 lux which is in line with industry standards detailed in BS EN 12464-2 as the proposed under-canopy lighting provides excessive light levels on the fuel filling station forecourt.

7.2.2 Further lighting design information submitted by the applicant should take into consideration all sources of exterior lighting affecting the site and should explicitly calculate vertical light spill levels on the windows of Killowen House.

7.2.3 Synergy signs are removed or replaced with non-illuminated signs.

7.2.4 Rear storage area and kiosk flood lighting is tilted to 0°.

7.2.5 Fuel delivery lighting tilted to 0° and not switched on unless a fuel delivery tanker is parked such as to prevent light spill towards Killowen House.

Bloxham Parish Council strongly seek support from Cherwell District Officers in recommending a refusal to this application and to District Councillors on the Planning Committee endorsing this refusal.

Bloxham Parish Council seeks the support of District Councillors in ensuring that until a suitable lighting provision application is submitted that follows accepted guidelines, is in line with the recommendations of the Independent Lighting Report and includes all the lights on the site, has been provided and approved by Cherwell District Council, that the Applicant pauses operation within curfew times acceptable to the Parish Council and adjacent residents.

Bloxham Parish Council would draw the District Councillors attention to the fact that the village, adjacent residents, and the garage have happily co-existed for several years. In fact, until April 2018 when the 24hour licence was granted. Since then there has been no respite for residents.

Bloxham Parish Council seeks the support of the District Councillors in finding a long-term solution to this problem of the 24 hour licence, for an edge of village business.

Action TG

- 19/00110/F, Village Hall, Jubilee Park, Barley Close, Bloxham – The Parish Council considered an application for the relocation of storage container and removal of second storage container.

Resolved that the Parish Council has no objection to application 19/00110/F. **Action TG**

- 19/00013/DISC, Former The Bungalow, Queen Street, Bloxham – The Parish Council considered an application for the discharge of condition 9 (parking and maneuvering areas) of planning application 16/02173/F.

BLOXHAM PARISH COUNCIL

Resolved that the Parish Council objects to application 19/00013/DISC on the following grounds:

- Bloxham Neighbourhood Development Plan (BNDP)
There is extensive data upon levels of car ownership in Bloxham within this Plan and all point to the proportion of households with multiple vehicles being around twice the Cherwell and UK average. 3+ cars 10.5% compared with 7.4% Oxfordshire.
As such this application is contra to the BNDP.
- BL4 - *In the case of new residential development, a minimum of one parking space will be required for dwellings with one or two bedrooms and a minimum of two spaces will be required for dwellings with three or more bedrooms to be provided on the plot.*

In addition to this on-site provision, shared and visitor parking is expected to be provided in a location convenient to the dwellings it serves. It is expected that this will usually be provided at a rate of at least 0.5 space per dwelling served.

Although this application complies with parts of this Policy, the change to Tandem Parking for plot 2 reduces the turning head and the location of the visitor parking appears to be located within the boundary of Plot so depriving Plot 1 from any on site visitor space. In this location this may increase the need for on street parking. This reduction of the Turning Head may require vehicles to exit backward onto a narrow highway.

- It is not clear from the diagram of the tandem parking if the minimum standard of 2.4m x4.8m can be achieved.
As such this application is contrary to the BNDP.
- BL5
Insofar as planning permission is required any proposal to alter or extend an existing dwelling that would reduce the existing level of off-street parking provision will be resisted unless it can be satisfactorily demonstrated that the amount of overall parking provision retained is satisfactory.
- BL9 *All development shall where appropriate:*
 - a. Ensure that the living conditions of neighbouring residents are not materially harmed*
 - c. Ensure that the impact of any additional traffic likely to be generated by the development has been satisfactorily mitigated and will not adversely affect the highway network.*
- The reduction of the number of onsite spaces 6 to 5 and only allocating 1 visitor space this could cause adversely affect Queen Street which already experiences serious parking problems.
This is contrary to BNDP.

It should also be noted that in the Decision Notice 22 December 2016, the following condition was imposed:

9 Prior to the commencement of the development hereby approved, full specification details (including construction, layout, surfacing and drainage) of the parking and maneuvering areas shall be submitted to and approved in writing by the Local Planning Authority. Thereafter, and prior to the first occupation of the development, the parking and maneuvering areas shall be provided on the site in accordance with the approved details and shall be retained unobstructed except for the parking and maneuvering of vehicles at all times thereafter.

Reason - In the interests of highway safety and to comply with Government guidance contained within the National Planning Policy Framework

BLOXHAM PARISH COUNCIL

As the first occupation has taken place, the Parish Council has concerns that this condition has not been complied with.

The PC has requested that this application is called-in by the Ward Member and is considered by CDC's Planning Committee.

- xiv) Bloxham Neighbourhood Development Plan (BNDP) Working Group – The Chairman gave a brief update on the meeting held on 30 January 2019 and the elements which were now being reviewed. The next meeting was being held on 13 March 2019. Councillor Mike Morris would be chairing the meeting and Councillor David Bun would be taking the minutes.

The Parish Council also considered appointing John Groves to the Working Group, as he had lead on the original Bloxham Neighbourhood Development Plan.

Resolved that:

- 1) the report be noted;
- 2) minutes of the meeting held on 30 January 2019 be circulated to the Parish Council via email; and **Action DB**
- 3) Mr John Groves be appointed to the Bloxham Neighbourhood Development Plan (BNDP) Working Group. **Action TG/JY**

As highlighted during the open forum, there was also the issue of dogs being let off their leads on the Circular Walk and that cattle and sheep were being frightened and on occasion, attacked by the dogs.

It was also suggested that because the kissing gates had been installed on Mr Facon's land without any cost to him, that he should be asked for a contribution towards the cost of their relocation.

Resolved that:

- 1) the two land owners whose land is crossed by the permissive footpath, Tom Smith and Eton College, be contacted for permission to install new signs on the Circular Walk asking dog owners to keep their dogs on a lead; **Action TG**
 - 2) Mr Facon be asked for a financial contribution towards the re-installation of the kissing gates which were installed on his land free of charge by the Parish Council and are now being removed from his land, at his request; and **Action TG**

This had also been raised during the open forum earlier in the meeting. A resident had reported that a 'No turning sign' had been erected at the entrance to Bradford Court. The Clerk had referred this to County Councillor Kieron Mallon because it involved highway issues.

The Environment Agency had contacted the Parish Council because it was looking for opportunities to work with local organisations and groups to identify ways the river environment could be improved throughout the Cherwell catchment. It was suggested that Stuart Malaure should be invited to the next meeting to discuss this matter further. **Action TG**

Minute Number 173 /18 – 19/00245/ADV, Motor Fuel Ltd, Bloxham Service Station, South Newington Road, Bloxham - Councillor Amanda Baxter declared an interest because she was a neighbour to the site of the application.

168/18 MINUTES – Prior to the meeting, the minutes of the meeting held on 20 February 2019 had been circulated to the Parish Council and were taken as read.

Resolved that the minutes of the meeting held on 20 February 2019 be approved and signed by the Chairman.

169/18 MATTERS ARISING

Minute Number 157/18 – Proposed SEND School, Bloxham Grove Road – The Clerk reported that she had received an email from Simon Knight, Joint Head Teacher at Frank Wise School and he confirmed that the school was supportive of the proposal for a new SEND school in Bloxham Grove Road.

Councillors had attended the consultation event held on 28 February 2019 and 2 March 2019, but still had concerns about the proposals, especially relating to the increase in the volume of traffic and that the proposal was contrary to the Neighbourhood Plan. The Chairman was collating all of the comments from Councillors on this matter.

In addition, the Parish Council had received an email from a resident from the Astons with regard to the withdrawal of a bus service for children from the Astons, attending the Warriner School, at the end of the summer term in 2019. The school bus would no longer be running from the Aston villages to the Warriner School because there was no children qualifying for a free seat on that route. Therefore, the current 27 fare paying pupils would have to be transported daily by car to and from the Astons to the Warriner School. Councillors felt that County Councillor Kieron Mallon and Arash Fatemian should be contacted about this matter. **Action TG**

Minute Number 157/18 - Oxfordshire Growth Board – Councillors were reminded by the Chairman that the Road Show would be held on 13 March 2019 at 3pm at Banbury Town Hall.

Minute Number 158/18 – Footpath Warden – Councillor Stephen Phipps suggested that when the vacancy for the village Footpath Warden was advertised, the Health Walkers (who met on a Wednesday) could also be approached. It was also suggested that the Ramblers Association, the Baptist Church and the GP Surgery could be asked to assist. It was agreed that a letter would be sent to Des Jones, thanking him for all his work as Footpath Warden and his involvement in securing the Circular Walk. **Action TG**

BLOXHAM PARISH COUNCIL

Minute Number 160/18 Planning, Bloxham Service Station – The Chairman reported that a meeting was being held at Cherwell District Council (CDC) the following day with regard to the planning applications which had been submitted by Motor Fuel Group.

There would be a discussion about planning application 19/00013/DISC in Queen Street too. The Chairman reminded the Parish Council that the County Council considered the parking provision in Queen Street to be adequate, however following discussion the Parish Council did not agree with this and would confirm its objection to the discharging of the condition relating to parking provision. The Parish Council would also confirm that it would request that this application to be called-in to Cherwell District Council's Planning Committee. **Action TG**

Minute Number 161/18 – Queens Street – The Chairman highlighted that there was advice in the Oxfordshire Association of Local Councils (OALC) monthly update with regard to registering land with the Land Registry.

170/18 CHAIRMAN'S ANNOUNCEMENTS

- The Chairman reported that the Parish Council had received an email from the Environment Agency with regard to Partnership Opportunities with the Cherwell Catchment and the Environment Agency. The Clerk was asked for forward the information to Marie Jones, Warden at The Slade. **Action TG**

171/18 OPEN FORUM – A resident attended the meeting to discuss signage on the Water Lane Bridleway. The Chairman reminded the meeting that the County Council would not install additional signage on the A361 or Rose Bank because of the possibility of utilities being in the area. However it was agreed that a meeting would be arranged with Tim Seton Estates Manager at Bloxham School to discuss whether signage could be erected further along the bridleway within the School. **Action TG/JY**

The resident asked about repairs to the numerous pot holes in the village, especially opposite the shops on the High Street. The Clerk was asked to raise this matter with County Councillor Kieron Mallon because these had been reported on a number of occasions and as the road narrowed at this point, it was a danger for emergency vehicles and also a highway and public safety issue. **Action TG**

The resident was thanked for addressing the Parish Council.

(For information, following guidance from the National Association of Local Councils, the Parish Council did not specifically name individual residents within its minutes, unless they were speaking in an official capacity)

172/18 REPORTS FROM COUNTY AND DISTRICT COUNCILLORS – There was no report from County Councillor Kieron Mallon.

District Councillor Christine Heath suggested that in addition to Councillor Mallon, County Councillor Yvonne Constance was an alternative contact at the County Council regarding matters relating to potholes.

Councillor Heath also reported that Motor Fuel Group had submitted an appeal and that she was attending the meeting with Cherwell District Council the following day, along with Parish Councillors Jenny Yates, Amanda Baxter and Joanna Barton.

District Councillor Andrew McHugh reported on community safety issues relating to DBS checks for taxi drivers and how the abuse of young women by older men was being dealt with. He was also involved with the Domestic Abuse Strategy and reported on the latest developments with regard to the proposal to remove obstetrics from the Horton General Hospital. Councillor McHugh was also investigating whether future Section 106 agreements could include funds for apprenticeships for young people.

BLOXHAM PARISH COUNCIL

The Chairman reported that there had been a recent accident on the A361 at Wykham crossroads and when Thames Valley Police had been called, they had initially advised that they were not going to attend, even though the accident involved a female on her own. Councillor McHugh agreed to raise this matter with Thames Valley Police. **AMc**

173/18 PLANNING

xx) Planning Applications

- 19/00099/Q56, Barn at Wooden Hill Farm, Barford Road, Bloxham – The Parish Council considered an application for the change of use to convert existing agricultural building into two dwellinghouses.

Resolved that the Parish Council has no comments on application 19/00099/Q56 at this point, however should it be submitted as a full application, the Parish Council will then comment. **Action TG**

- 19/00245/ADV, Motor Fuel Ltd, Bloxham Service Station, South Newington Road, Bloxham – The Parish Council considered an application for two externally illuminated fascia signs (Londis)

Resolved that the Parish Council objects to 19/00245/ADV on the following grounds:

- 1) should this be titled as a retrospective planning application as the sign is already in place;
- 2) there are no times stated when lights would be operational;
- 3) there is evidence provided that the fascia of the shop needs to be illuminated
- 4) the lighting report commissioned by Cherwell district Council from Designs for Lighting states that:-
6.2.1 - There are two flood lighting units mounted on the shop façade, facing towards South Newington Road. The luminaires are tilted above 0° to the horizontal and distributes light symmetric which contributes light spill onto the windows of Killowen House (opposite). This light spill gives rise to light intrusion into the property.
7.1.5 - There are a number of other luminaires as detailed within **section 6.3** that are not included within the planning application, these are not required for the purposes of achieving the recommended lighting levels on the fuel filling station forecourt and could constitute a statutory nuisance. Luminaires identified that could constitute a statutory nuisance are:
 - Synergy signage luminaires;
 - Kiosk flood lighting; and
 - shop rear storage area flood lighting.
- 5) If the following still apply, the Parish Council would seek for them to be taken into consideration:-

Under Class 6: advertisements on forecourts of business premises Forecourt advertisements must not be illuminated in any circumstances.

PPS 17: Control of Outdoor Advertisements

Annex A: Signs on Commercial Premises

19. The most common signs on commercial premises are fascia signs and projecting signs, either box or hanging. Their design should always complement the design of the shopfront and building and respect the wider locality. An excessive number of signs or those which are too large can dramatically affect the premises on which they are sited and have an adverse impact on the general character of the area.

- 6) NPPF (July18)

180. Planning policies and decisions should also ensure that new development is appropriate for its location taking into account the likely effects (including cumulative effects) of pollution on health, living conditions and the natural environment, as well as the potential sensitivity of the site or the wider area to impacts that could arise from the development. In doing so they should:

BLOXHAM PARISH COUNCIL

7) CDC Local Plan Part 1

Policy ESD 15: The Character of the Built and Historic Environment

Limit the impact of light pollution from artificial light on local amenity, intrinsically dark landscapes and nature conservation

B11

g. Use smart, energy efficient lighting of public areas that accords with the recommendations of the Institute of Lighting Engineers recommendations on reduction of obtrusive light (or its successors) so as to convey a rural feel and avoid light pollution wherever possible;

9) Councillor Christine Heath be requested to call-in this application to CDC's Planning Committee.

- There had been a meeting with an Oxfordshire County Council Officer with regard to the proposal for a footpath from Greenhills Park to Queen Street. The application had been supported by the Parish Council some time ago and the application was now being proceeded by the County Council.
- The withdrawal of some school bus services, first raised by parents of children from the Astons who travel to Warriner School, had also been flagged up as an issue by North Newington Parish Council. A meeting was

BLOXHAM PARISH COUNCIL

being held at Warriner School on 27 March 2019 at 6pm at Warriner School and the Parish Council had been invited to attend.

- The Parish Council had received a consultation document from the County Council relating to the proposed speed limit changes on the A361 (Banbury to Chipping Norton). This would be discussed at the next meeting of the Parish Council and the deadline for comments was 2 April 2019.

171/18 OPEN FORUM – Councillor David Bunn reported that a resident had been hit by a hockey ball which had come from the Dewey Hall sports pitches. The higher netting was not in place on the goal at lower part of the Ridgeway but it did surround the other three goals. The Clerk would contact Bloxham School to ask whether this could be rectified so all four goals had the higher netting. **Action TG**

(For information, following guidance from the National Association of Local Councils, the Parish Council did not specifically name individual residents within its minutes, unless they were speaking in an official capacity)

172/18 REPORTS FROM COUNTY AND DISTRICT COUNCILLORS – There were no reports from the County or District Councillors.

173/18 PLANNING

xxii) Planning Applications

- 19/00289/ADV, Motor Fuel Ltd, Bloxham Service Station, South Newington Road, Bloxham – The Parish Council considered an application for synergy forecourt signage: Pump livery x 8, "Blade" pump spreader x 3, "Koala" signs x 4

Resolved that the Parish Council objects to application 19/00289/ADV on the following grounds:

This application for the additional signage is solely concerned with advertising, there is no nearby competition providing the same service that necessitates this amount of advertising "clutter". In addition, the strident mix of colours are not in keeping with the site's location given that it sits opposite a Grade II listed building and on the boundary of the Bloxham Conservation Area

It is not clear from the application if the intention is to retain the current signs with their incorporated LEDS. Should this be the case, it is the opinion of the Parish Council that this is contrary to: -

Outdoor advertisements and signs: a guide for advertisers June 2007

- Forecourt advertisements must not be illuminated in any circumstances.

Information via lighting report 2018

- 6.3.2 Branded (Synergy) signage lighting is suspended between the pumps and features a strip of individually visible Light Emitting Diodes (LEDs) underneath. These light sources appear to be for aesthetic purposes rather than functional purposes.
- 6.3.3 The individual LEDs are not diffused and contribute to the overall scene of excessive lighting levels associated with the fuel filling station.
- 6.3.4 The perception of brightness from the visible LED's on the underside of the sign could appear brighter when the canopy lighting levels are reduced. This would be caused by an increased level of contrast between the signage lighting and the overall visual appearance of the lighting within the background.
- 6.3.6 It is noted that there appears to be no benefit to the business of this illuminated signage lighting due to limited commercial competition in the area.

- 18/01852/F, Dewey Sports Centre Barley Close Bloxham - The Parish Council considered an application for external security lights to the car park and building at The Dewey Sports Centre.

Two residents addressed the Parish Council to raise their objection to the application.

Resolved that the Parish Council objects to application 18/01852/F on the following grounds:

This application is contrary to the following policies in the Bloxham Neighbourhood Plan BL9 and BL 11 and Cherwell District Council's Part 1 Adopted Local Plan July 2015.

- the lighting which is proposed is far in excess of what is needed to light this car park;
- the 5 columns showing levels of 25 lux, appears to be contrary to the recommendations of EZ2 (rural) of 15 lux;
- the proposal affects the visual amenity of an intrinsically dark area; and
- the proposed lighting will have negative impact of the amenity of residents of 1, 2, 3 Waters Court.

Action TG

- ii) Water Lane Bridleway – Prior to the meeting, the Parish Council had received a report with regard to a meeting with Tim Seton from Bloxham School, to address concerns raised by residents about the signage and possible misinformation regarding the route of the Bridleway. The report suggested a proposal to seek support from the County Council and residents, to divert the Bridleway to encourage walkers who use the Bridleway on Water Lane, to walk in front of the pavilion rather than behind it. At present, those who took this route, were trespassing.

Following a discussion, it was felt that the Bridleway and the signage should remain unchanged and a suggestion was made that the gate leading from the path in front of the Pavilion to Brickle Lane be permanently closed.

184/18 OPEN FORUM – Councillor David Bunn reported that it had been brought to his attention the new signs on the permissive paths and public right of way (PROW) on the Circular Walk asking for dogs to be kept on leads, were not entirely correct. He advised that on permissive footpaths, signs could state that dogs must be kept on a lead, but on a PROW, dogs had to be under control but did not have to be on a lead. The Clerk was asked to confirm this advice with Oxfordshire County Council. **Action TG**

If this advice was correct, the signs on the PROW would need to be amended. A local farmer had also raised the issue regarding dog fouling and waste not being collected by owners, as dogs that had not been correctly wormed could infect sheep and this would cause a loss to his business.
